PANDUR 6x6

Wheeled - Armored - Vehicle
Enhanced Protection

**SURVIVABILITY**
- Certified mine, ballistic and IED protection.
- Major automotive components protected inside armored steel hull.
- Securing mobility in rough terrain and combat scenarios.
- Active protection systems.

**SAFE AND SIMPLE PROTECTION**
- Situational AWARENESS.
- SATCOM, THREAT detection
With over three decades of experience in design, production, testing and logistic support, GDELS maintains more than 700 PANDUR platforms worldwide. Two thirds of them are operated by NATO member countries. The PANDUR family of vehicles is available in 6x6 or 8x8 designs and in amphibious or terrestrial configurations. The base platform has a standardized architecture thus ensuring the flexibility for a wide range of special variants for special requirements. It combines high mobility and unmatched survivability thanks to its internal drive train concept. The unique PANDUR concept unites simple operation, high availability and versatility of armament and equipment. Easy maintenance and logistics commonality makes the PANDUR a cost efficient solution for the armed forces of today and tomorrow.

**VEHICLE CONCEPT**

- Tracked vehicle DNA
- Compact vehicle size with a flexible interior concept
- Crew and critical vehicle systems protected by hull
- Combat proven technology
- State of the Art CANBUS
Survivability through Mobility, Protection and Safe Operation

Highest Mobility Standards
Exceptional mobility provided by a high performance powerpack, an independent single wheel suspension and ADM controlled differentials which provide a 100% locking capability. This unique mobility concept is available throughout the whole entire family of vehicles.

PANDUR
Features

- 19 tons
- 6x6 /6x8
- 90 /105 mm
- Up to 3+8
- 105 km/h

- Fording > 1.5m
- Slide slope 40%
- Gradient 60%
- Vertical obstacle Up to 0.60 m
- Ditches 1.1 m
- Angle Entry/Exit 45°/38°
- In-between walls >2.7m
- C130
PANDUR Family of Vehicles 6x6/8x8

VERSALITY
- Armoured Personnel Carrier
- Ambulance Vehicle
- Mortar Carrier
- Maintenance and Recovery Vehicle
- Command, Control and Communication Vehicle
- Other customer specific variants

GROWTH POTENTIAL
- Increased growth potential as 8x8
- IFV 30 with 3+8
- Direct fire

INTEGRATED LOGISTIC SUPPORT
- Easy to operate and maintain
- Electronic on board diagnostic system
- Low lifecycle cost
- Through life support
- Upgrade packages for Users
- PANDUR User group
The Transatlantic Partner for Land Defense in Europe

Cooperation is in our DNA
We are a reliable business partner for more than 4500 suppliers
We employ 2500 people and do business in 44 countries around the globe
44 nations – 19 NATO / EU – rely on our products and services for their safety and security
